For Sale—House, lot and barn in first ward; cheap by D. CONNOR.

Try Elecampane Cough Syrup Eldredge keeps it.

BRIEF NOTES.

—Mattie Vickers to-night.

—Will Janesville celebrate the Fourth of July this year?

—Mattie Vickers, as Jacqueline, at the opera house this evening.

—Regular monthly meeting of Business Men's association this evening.

—The cigar factory of Canniff & Wells has been removed to the Corn Exchange square.

—A number of the members of the Anglo-Worm club will leave to-morrow and Wednesday for the trout brooks in the northern part of the state.

—Marshal Hogan caught a violator of the Sunday excise law yesterday—in fact the violator had no license at all. Particulars in the municipal court.

—A horse that was determined to make a symphony in kindling wood out of the cart to which he was harnessed made a little excitement on Milwaukee street yesterday afternoon.

—A man and woman have been strolling through the flower beds near the corner of Franklin and Pleasant streets. Their names are now known, and if the offense is repeated, an exposure will follow.

—The members of Crystal Temple of Honor and People's Lodge of Good Templars, are making arrangements for a grand picnic at Pope's Springs, to be held on Tuesday, June 15th. Particulars later.

—A dispatch has been received at this office stating that the Steamship Servia reached Queenstown, Ireland, yesterday morning. The Servia is the steamer upon which the Rev. E. M. McGinnis took passage and his many friends will be glad to learn of his safe voyage.

—Mr. J. H. Jones has moved his grocery stock from the Court street block to East Milwaukee street, opposite the Myers house. Mr. Jones has a complete stock of goods, which he is selling at extremely low prices. Call and see him at the new location.

—New York News: "Her style is thoroughly pliant, and there is a freshness, buoyancy and ease about her movements, the effect of which is difficult to resist. Her performance is distinctly entitled to rank as an art." At the opera house this evening.

—The excursion to Beloit yesterday morning on the Chicago and Northwestern railway, consisted of six car loads of ladies and gentlemen, and they only about one-half who desired to go were able to get on board the cars. The train returned at between five and six o'clock.

—The Rev. Thomas Walker, pastor of the First M. E. church, baptized nine new converts yesterday morning at eight o'clock. A large number of people congregated on the bank of the river at the foot of North second street, to witness the solemn service.

—Mr. A. A. Vinyan has engaged the L. G. Bona orchestra for this evening, at his saloon, opposite the Myers house, East Milwaukee street. Lovers of good music will bear this announcement in mind. This orchestra has the reputation of being one of the finest in the west.

—Yesterday Frankie W., the little son of Mr. and Mrs. Frank Sweeney, of the 27th ward, closed his eyes in death. The little fellow, who had been sick for some time, was only about three years of age. The funeral was held this afternoon at St. Mary's church, the Rev. Father Roche officiating.

—Mr. Joseph Hennessey, the good natured and polite young man who dispenses tender steaks at Rooney's meat market, is smiling on both sides of his face—all on account of the safe arrival of a little boy at his home on Saturday. Joe is as happy over his first-born as it is possible for a young father to be.

—Every one has read of the celebrated "Peach Blow" rose formerly the property of Mrs. Chas. Morgan, of New York, and recently sold at auction for \$1,800. Have wondered how it looked. An exact reproduction is now on exhibition in the window at the China Tea Store, on West Milwaukee street and is well worth inspecting.

—The Webster Standard, published at Marshfield, Mo., on the date of May 28th, contains the following brief obituary notice: "Died—On Tuesday, the 25th, inst., S. T. Clothier, aged 79 years. Mr. Clothier came to this county fourteen years ago, from the neighborhood of Janesville, Wisconsin, and had lived respected by all who knew him."

—Some very sensible things in regard to newspapers and their relation to private life, have been expressed by Governor Loug, of Massachusetts. In speaking about his experience, he said: "When the newspaper man came to make inquiries I told them as much as I thought they ought to be told, and generally added the request that they go easy. I felt that as a public man I must recognize the fact that the newspaper had created a demand for this kind of information, that the public would have it in some form or other, and that they might as well have it correctly."

—Messrs. Bachholz & Nowlan, of the Janesville Carriage Factory, shipped two park photons to the East Cleveland Street Railway company, at Cleveland, Ohio. This firm, having long taken the lead in building fine carriages and omnibuses, are constantly making new improvements in their manufacture, and the work they turn out is not excelled. The two photons are beauties, combining strength and durability. Their trade is rapidly extending to all parts of the country, and the fact that they receive orders from such manufacturing centers in the east, speaks well of their reputation, and is the best guarantee that their vehicles are unequalled.

Tobacco sales.

Sales of seed leaf tobacco reported by J. S. Gane Son & Co., tobacco brokers, No. 101 Water street, New York, for the week ending June 7, 1886:

880 cases, crop of 1885, Pennsylvania, at 11 1/2 to 11 cents.
 422 cases, crop of 1885, Pennsylvania Havana, at 8 to 11 1/2 cents.
 200 cases, crop of 1885, State Havana, at 10 to 10 1/2 cents.
 100 cases 1885, Cuba Havana, at 10 to 10 1/2 cents.
 25 cases 1885, Cuba Havana, at 8 1/2 cents.
 30 cases 1885, Cuba Havana, at 7 to 10 cents.
 Total cases, 1493.

—The Rev. T. D. Dowitt Peake delivered two excellent sermons yesterday. His morning theme "Little Things" was treated in a practical way, impressing his hearers with the idea that the foundation of greatness in moral or religious character rests upon the faithful performance of the little things of every day life.

The "Ideal Church" was discussed in the evening from the stand point of obligation to those outside the christian church. The duty of man to man was clearly defined and strongly emphasized, the speaker exhibiting a breadth of christian liberality combined with common sense christianity, which was very commendable. The church contained good audiences at both services. Mr. Peake is rapidly regaining his health, and is already recognized as an able exponent of gospel truth.

—For several days past a man giving his name as Cooper had been hanging around town and loitering in the railway depots. He was from Palmyra, and had been down here on a spree until his money was all spent. His wife, when telephoned to, refused to send money for his railroad fare home, so he lingered around, not seeming to care much whether school kept or not. Saturday he tried to sober off, and as a means to that end, took a half grain dose of morphine. It was a little more than he had calculated on and he became stupefied, but a physician who was called, soon had him on his feet again. Not enough of the drug was taken to have produced serious results even had no aid been at hand and the man was quite surprised yesterday to learn from the morning paper that he had attempted to commit suicide. Some one telephoned a sensational account of the affair up to his wife and early yesterday forenoon she and four or five of her relatives came bounding in from Palmyra on a hand car, and with the assistance of Officer Ed. Smith, he was placed on the hand car and taken to his home. Cooper will probably not have a chance to get into any more trouble for some time to come.

THE COURTS.

Circuit Court.

Saturday afternoon was the time set for the case of the state of Wisconsin against Frederick Weise against the Edgerton school board, but the matter was put over until next Saturday to allow more specific charges to be made. The court ordered that the complaint should be amended so that the names of the pupils who were compelled to take part in the devotional exercises, and of the teachers who required them to do so, should appear in it.

Judge Bennett will adjourn court to-morrow, until Friday, June 11th, and during the week will sit at Jefferson. The session there will be short, as the principal case, the only divorce suit, has been settled.

Municipal Court.

Patrick Malone who was recently found guilty of larceny, came up for sentence to-day. He was given six months in the county jail. His comrade, Goiser will come up Thursday.

John Donnelly, keeper of the Shamrock house, appeared before Judge Patton this morning and paid his fine of twenty-five dollars for keeping open on Sunday. It is probable that another saloon keeper will be brought before the bar of justice in the near future.

A warrant was issued to-day for the arrest of John Ryan, charging him with assault and battery while serving a paper. The case is to come up in the municipal court this afternoon.

Personal.

—Dr. D. S. McArthur and wife, of La Crosse, are guests of Mr. and Mrs. B. F. Danneville, of the first ward.

—Colonel W. B. Britton left to-day for New York and other eastern cities, intending to be absent about four weeks.

—Mr. Chas. Stevens, of the Central house, went to Chicago to-day, intending to be absent about three or four weeks.

—Mrs. Esther Vilas, mother of Postmaster General Vilas; and Mrs. Henry Edgerton, of Oconomowoc, are guests of Mrs. H. C. Ball, of the first ward.

—Mr. Walter A. Ains, of Albuquerque, New Mexico, and his brother, Mr. Ad. Ains, of Eau Claire, this state, are in the city visiting their parents, Mr. and Mrs. John Ains, of the first ward. They are welcomed back to their old home by a host of personal friends.

The Weather.

At seven o'clock yesterday morning the thermometer indicated 59 degrees above zero. Clear, with north wind. At 10 o'clock p. m. the register was 73 degrees above zero. Partly cloudy with north east wind. For the corresponding hours last year the register was 62 and 73 degrees above zero. At seven o'clock this morning the thermometer indicated 60 degrees above zero. Clear with north wind. At one o'clock p. m. the register was 79 degrees above zero. Partly cloudy with northeast wind. For the corresponding hours one year ago the register was 69 and 88 degrees above zero.

WASHINGTON, June 7.—Signal service predictions: For Michigan and Wisconsin—Fair weather, followed by local rains, nearly stationary temperature, variable winds.

A Pleasant Musical.

About sixty ladies and gentlemen enjoyed the hospitality of the teachers in the Wisconsin School for the Blind on Saturday evening. A very enjoyable lawn supper was served at 6 o'clock and after that a musical program was very well rendered by the pupils of the institution. The numbers were a chorus, "Langhorne and Cryan"; a piano solo, "Deethoven, by Fritz Klemm"; a vocal solo, "Storm and Sunshine," by Libbie Wood; a violin duet, by George Brooks and Seward Galtwater; a piano solo by Olaf Olson; a vocal solo, "The Two Grenadiers," by George Brooks; a piano solo by Libbie Engleson; and a selection by the orchestra. During the evening the company took part in games on the lawn, that awakened much merriment.

Given Away.

On Saturday, June 12th, we will present to each purchaser of our pure tea or coffee, a small Japanese parasol or fan. Our 50-cent teas are gaining many friends. A trial is all we ask.

THE CHINA TEA CO.

How Women Would Vote.

Were women allowed to vote, every one in the land who has used Dr. Pierce's "Favorite Prescription" would vote it to be an unfailing remedy for the diseases peculiar to her sex. By druggists.

EVANSVILLE "CUT OFF."

The Question of Donating the Right of Way Discussed at a Special Council Meeting.

The Statements Made by Messrs. Pease & Carle Relating to the Cost.

Remarks from other Citizens in Favor and in Opposition to the Project.

A special meeting of the common council was held Saturday evening, at which His Honor, Mayor Visser, presided, all the aldermen being present except Ald. Fathers, Rooney and Thoroughgood. Later in the evening these gentlemen appeared in their seats.

Mayor Visser stated the object of the meeting to be to hear the report of the gentlemen appointed by the Business Men's Association to ascertain the cost of the right of way of the proposed Evansville "cut off."

Hon. J. J. R. Pease, of that committee, being present was called upon to make a statement regarding the cost. That gentleman stated in substance that they had set out with the expectation of securing the right of way for \$35,000. They had secured nearly fourteen and a half miles for \$27,000, which left \$8,000 for the remaining mile and a half. The property not acquired was near or in the city of Janesville. The highest estimates bring the cost within \$35,000, but to carry any liability the company ask for \$40,000, but whatever less the right of way may be secured for the balance will go into the city treasury. It had been said that the Northwestern company had been in the wrong in not building this years ago. If the city had furnished the right of way they would have built it before now.

He desired to correct the impression that the Northwestern company would build this line should the city refuse the right of way. The railroad company had never made a proposal to build the road. They had been urged, but never had been ready to make a proposition. Through the efforts of the citizens the proposition had been made, and the new company would build the road, contracting with the Chicago and Northwestern company. The importance of the project would be admitted by all. Now was the time. There might not be another opportunity, and it should be improved.

Mr. J. B. Carle, also of the committee, stated that he had been put on the committee to see what the right of way could be secured for. They had settled with every farmer between here and Evansville. There was one estate on school section 16, where the heirs could not be found. Nearing the city there were several with whom the committee could not agree on the question of damages, the owners placing the value of the lands too high. At the prices they ask the right of way would cost \$38,000 or \$39,000. He did not think the commissioners would allow such prices as were asked. If the property could be secured at its worth, the right of way can easily be had for \$35,000.

Captain Philip Norcross was called out, and endeavored to wake up the people to do something to improve the business and growth of the city. He was heartily in favor of the road; would like to see half a dozen railroads here. He was in favor of improvements of any kind. If any town in the northwest had natural advantages that should be improved it was Janesville. He was certain that the road would help us. First class business men say it will not help us, and he was inclined to believe they were well prepared to judge as he was. He did not come to talk but to encourage the meeting by his presence. The matter of street cars would "loosen the lid," as it were, on some of the men of Janesville who were backward about engaging in any enterprise. Every one must put a shoulder to the wheel and keep moving, if they would be successful. The captain's remarks were very earnest and pointed.

Ed. F. Carpenter, Esq., was called out. Mr. Carpenter was opposed to extending the \$40,000 aid, yet he intimated that he would be willing to give \$20,000. He had lived in Janesville sixteen years; found his wife here; children born here; and loved the city. It had become to be his home. He said that the Evansville cut-off had come from the Chicago and Northwestern railway company had said they were going to put on a fast train between Chicago and St. Paul. The railroad company had not promised anything for the \$40,000. They had not said they would run a train over the road. They would put on their fast train, however, which would run through at ten o'clock at night, and back at 4 the next morning. No one could see it unless they were up all night. The road had done more for Beloit than Janesville, while the latter city paid three times what Beloit did for freight; Beloit had the very road we were trying to get, but it did not benefit her any in population or anything else. He was in favor of the road if it would bring one man more to the city, but he objected to being taxed for \$40,000 without receiving any benefit.

Hon. Fenner Kimball was next called upon; he was in favor of the road; every improvement is a factor that will bring forth its fruits. Eighteen years ago some of our enterprising citizens made an effort to get the Evansville road built; many were enthusiastic for the enterprise and were willing to pay \$75,000 for the improvement. In 1856 he made a visit to Janesville—then a city of 7,000. He thought it must be the Rochester of Wisconsin. The population had increased only three thousand in thirty years! It was all owing to a lack of spirit. He left a city because the men in it had no enterprise. He was heartily in favor of this road, and in five or ten years we would get the money back ten fold.

Mr. Carle said he tried to have Mr. Keap take \$35,000 and take his chances on that being enough. Mr. Keap said that after the citizens were down to Chicago, he laid the matter before the board, and they said if the citizens would furnish the right of way they would build it. He thought if the matter was brought up again they would not consent to build it at all.

M. G. Jeffries, Esq., was heartily in

The road had done more for Beloit than Janesville, while the latter city paid three times what Beloit did for freight; Beloit had the very road we were trying to get, but it did not benefit her any in population or anything else. He was in favor of the road if it would bring one man more to the city, but he objected to being taxed for \$40,000 without receiving any benefit.

Hon. Fenner Kimball was next called upon; he was in favor of the road; every improvement is a factor that will bring forth its fruits. Eighteen years ago some of our enterprising citizens made an effort to get the Evansville road built; many were enthusiastic for the enterprise and were willing to pay \$75,000 for the improvement. In 1856 he made a visit to Janesville—then a city of 7,000. He thought it must be the Rochester of Wisconsin. The population had increased only three thousand in thirty years! It was all owing to a lack of spirit. He left a city because the men in it had no enterprise. He was heartily in favor of this road, and in five or ten years we would get the money back ten fold.

Mr. Carle said he tried to have Mr. Keap take \$35,000 and take his chances on that being enough. Mr. Keap said that after the citizens were down to Chicago, he laid the matter before the board, and they said if the citizens would furnish the right of way they would build it. He thought if the matter was brought up again they would not consent to build it at all.

M. G. Jeffries, Esq., was heartily in
